MyMassage is a new and professional massage studio in the heart of Cape Town. We offer full-body, deep tissue, couples, back/neck&shoulder, and reflexology massages for 30, 60 or 90 minutes. Massages are customized by adjusting the level of pressure and by spending more time on the areas where its need it most. Our philosophy is that massage treatments are essential to maintaining one's health and wellbeing and should be routinely accessible and affordable. Massage is one of the most effective means for significantly reducing stress, managing chronic pain, countering athletic fatigue and decreasing the risk of injury. Our studio is beautifully designed to offer a calming, tranquil environment where clients can safely let go, relax and make a bit of space in their hectic and busy lives. Our prices will always be affordable and competitive to the rates in the market without sacrificing attention to detail or pampering our clients with high-end amenities, organic oils, wide cushy beds and Egyptian cotton linen. Book online and enjoy your time at MyMassage.
